"The Power To Keep The Upstate Comfortable"

A comforting legacy

Carolina Comfort LX Series Gas Furnaces

- **Reliable, efficient blower.** Models with ECM fan motors improve system performance and reduce electricity use. Our models with variable-speed ECM motors include EcoTrak™ technology that can be fine-tuned to your specific climate needs.
- **Reliable aluminized heat exchanger.** Advanced, tubular aluminized steel primary heat exchanger allows for high heat transfer and outstanding efficiency.
- **Safe, hot-surface ignition and 100% shutoff valve.** This technology saves on fuel costs while increasing dependability and reliability.
- **Durable, low-leakage cabinet.** Reinforced cabinets and gasketed doors help ensure warm air goes where it's needed, quietly and efficiently.
- **Year-round comfort options.** For even greater flexibility, a Carolina Comfort split system cooling coil can be added to handle summer weather.

A trusted foundation

Because Carolina Comfort LX Series Gas Furnaces are designed and built in North America by Johnson Controls – a leader in world-class manufacturing – you can rest assured that a Carolina comfort Series HVAC heating system will live up to the legacy, providing your family with comfort and energy savings for years to come.

Real-world efficiency
Carolina Comfort LX Series Gas Furnaces can reduce energy costs nearly 40% versus furnaces from just two decades ago. And with up to a 97% Annual Fuel Utilization Efficiency (AFUE) rating on our most efficient models, they have earned some of the highest efficiency ratings in the industry.

Advanced manufacturing
Designed and assembled in North America, Carolina Comfort LX Series Gas

Furnaces are crafted using state-of-the-art quality control and assembly processes gleaned from Johnson Controls' advanced manufacturing expertise to provide world-class quality at competitive prices.

Space and budget friendly
A wide range of Carolina Comfort Series LX Series Gas Furnaces ensures the right fit for every home, and every budget. Compact, 33-inch tall cabinets fit in tight spaces, allowing for installations in basements, attics, recreations rooms,

garages, alcoves and even closets. And since all LX Series Gas Furnaces come pre-assembled, wired and tested from the factory, setup is quicker than ever.

Safe for the environment
Carolina Comfort LX Series Gas Furnaces meet U.S. EPA energy efficiency standards, with select models qualifying as ENERGY STAR® products, providing more heat with fewer natural resources. And LoNox (nitrogen oxide) models are also available to meet specific code requirements.
